

# Cardiac Nursing CPD Day

Saturday, 22 June 2019

Education Centre

Hastings Hospital

8.30am-4.30pm

There will be a strong focus on case studies, true stories and real world scenarios throughout the day

- Angina/chest pain
- Atrial fibrillation
- Heart failure
- Cardiac assessment tips and tricks
- Cardiac device management e.g. care during palliation management, ICD firing
- Cardiac co-morbidity management
- Rheumatic and other valve disease
- Cardiac rehabilitation
- Refresher of cardiac pathophysiology

*Attendance provides 7.5 hours of CNE hours towards NZ nursing council education requirements.  
A certificate will be provided by CSANZ via email after the event*
